

Traveler 525 Laser

Stylish OptoWheel laser mouse

Here is the new five-button turbo scroll laser mouse from the Genius **OptoWheel** family ~ **Traveler 525 Laser**. Designed with style and elegance, it makes your daily PC operation easier and you get to experience a human-oriented innovation design.

In a reversal to traditional button design, **Traveler 525 Laser** adapts the unique 'float to click' innovation that gives you a relaxing mouse click feeling and reduces the tension on your fingers. Plus with the inventive **OptoWheel** technology, it gives you an effortless scrolling experience you never had before.

Traveler 525 Laser features precision laser technology plus high DPI resolution for up to 1600 dpi, delivers superb tracking performance and three times more surface coverage than regular optical devices. In addition, to increase your working efficiency and excitement, it offers advanced features like **Smart IE Search** for listing all Internet information, **Flip 3D** for a 3D graphical viewing of all opened windows and the **Turbo scroll** function for hyper-speed browsing for Internet pages and documents in seconds.

Traveler 525 Laser is innovative, stylish and elegant and is designed to facilitate your PC lifestyle. For further inquiries, contact your sales representative.
